Traces

Sky Ferreira

You were just a boy

With an appetite

Hate it when you leave stains in my bed

I know I should've read

All the warning signs

But I fell for all your white lies againNothing you do, no nothing you say

Is gonna take the damage away

Oh, nothin you do, no nothin you say

Is gonna take the bruises awayYou've bit bit bitten off

You've bit bit bit bitten off

More than you can chew

I I'm getting rid of you

I I'm

Get get getting rid of

Get get getting rid of traces of

Traces the traces, the traces of youI was just a girl, in the fantasy

Dreamin that you would be good for me

But now I see your greed

Now that I bleed

This time I'm gonna go set you freeNothing you do, no nothing you say

Is gonna take the damage away

Oh, nothin you do, no nothin you say

Is gonna take the bruises awayYou, you'veBit bit bitten off

You've bit bit bit bitten off

More than you can chew

I I'm getting rid of you

I I'm

Get get getting rid of

Get get getting rid of traces of

Traces the traces, the traces of youAte my heart in every way,

Ate my heart in every way

Lockin the cage

Starin at you I'll stray

Can't get your way today You've Bit bit bitten off

You've bit bit bit bitten off

More than you can chew

I I'm getting rid of you

I I'mGet get getting rid of

Get get getting rid of traces of

Traces the traces, the traces of you
Get get get getting rid of
Get get get getting rid of traces of
Traces the traces, the traces of you
Get get get getting rid of
Get get get getting rid of traces of
Traces the traces, the traces of you
