# You're Wrong

## Nofx

You're wrong about virtues of Christianity
And you're wrong if you agree with Sean Hannity
If you think that pride is about nationality, you're wrongYou're wrong when you imprison people turning tricks
And you're wrong about trickle down economics
If you think that punk rock doesn't mix with politics, you're wrongYou're wrong for hating queers and eating steers
If you kill for the thrill of the hunt
You're wrong 'bout wearing fur and not hating Ann Coulter
Cause she's a cunted cuntYou're wrong if you celebrate Columbus Day
And You're wrong if you think there will be a Judgement Day
If you're a charter member of the NRA, you're wrongYou're wrong if you support capital punishment
And you're wrong if you don't question your government
If you think her reproductive rights are inconsequent, you're wrongYou're wrong fighting Jihad, your blind faith in God
Your religions are all flawed,
You're wrong about drug use, when its not abuse
I hope you never reproduceYou're getting high on the downlow
A victim of Cointelpro
You're wrong and will probably never know
