Saviour

Norther

By this time tomorrow you'll be gone
Gone so far away
And it's killing me, tearing me apartWalls are closing in on me
Taking my breath away
No light to guide my way
Is this really the end?Please tomorrow, bring her back to me
A day without her is a wasted one
She's my saviour
(She's my saviour)
She's the one for meAt this time tomorrow you'll be here
So close to me, you'll set me free
You'll wipe my tears awayYou'll break the chains
You'll bring the light back into my face
You'll guide my way into a new day
Where we are oneShe's my saviour
She's the one for mePlease tomorrow, bring her back to me
A day without her is a wasted one
She's my saviour
(She's my saviour)
She's the one for me
