

# Unwashed Cock

## Agoraphobic Nosebleed

This is far that I come in  
We'll dig her, dig out the fleshConfusion has replaced amusement  
More worthless wonders of the world  
To confuse our libido  
I need not feelI'm not there, not here  
I'm an unwashed cock at a point in time and space  
Where pussy is your asshole  
And the hurt is acute
