

# Fame (what She's Wanting)

## Sr-71

Fame's what she's wanting  
Not a face in the crowd just a disposable pop star  
Staring down from 30,000 feet above the planet  
She gets the sense nothing's behind her anymore  
Her quest for fame has left her nothing short of a fanatic  
For the chance to be the one that we adore  
Fame's what she's wanting  
You can't go too far  
(When that's who you are because)  
Fame's what she's wanting  
Not a face in the crowd just a disposable pop star  
They called her princess  
'Cause they always knew she'd be a servant  
Never having an ambition in her life  
They all knew she end up just another loser's girlfriend  
Who'd a thought she'd become a Jedi Knight  
(Bittersweet the taste of)  
Fame's what she's wanting  
You can't go too far  
(When that's who you are because)  
Fame's what she's wanting  
Not a face in the crowd just a disposable pop star  
Pop star  
Pop star  
Pop star  
Fame's what she's wanting  
You can't go too far  
(When that's who you are because)  
Fame's what she's wanting  
Not a face in the crowd just a disposable pop star  
Fame's what she's wanting  
You can't go too far  
(When that's who you are because)  
Fame's what she's wanting  
Not a face in the crowd just a disposable pop star  
Pop star  
Pop star
