

Meet Me in the City

The Babies

Meet me, oh momma, in the city
And see everything's is so fine
We'll get together now, darlin'
 Oh yes we will
We'll make everything alright
 Now honey don't
Oh honey don'tPlease, please don't leave me right now, baby
 Right now, right now
 Oh no no noYou got me, baby
 You got me, darlin'
You got me where you want me, baby
 Girl, I know you are satisfied
 Still begging you, baby
Don't leave me herePlease, please don't leave me
 Right now baby, right now, right now
 Oh no no no
