See Through

Chris Brown

she?s like a diamond in the rough
she?s my passion
supernova, the brightest star
the main attraction
only she motivates my heart
to be like a spacin'
so i put her up on a pedestal
all up under her like a basement
but i wonder if she notice me
(Yeah) like girl I see ya
and baby i promise i will make you a believer tonight
..introduction to your seduction
i promise you?ll be alright
chorus:
(yeah) you are
and treating me like i?m see through
like i?m see through
my heart breaks like i'm made of glass
girl you are
and treating me like i?m see through
just like i?m see through
..just like adrenaline babe
like desire, infrared on you
all i see is fire
and i just wanna cool you down
baby just hear me out
i think that she?s looking right now
baby all i wanna do is save you
and if is the dream don?t wanna wake up
come here, come here
can you hear me, can you see me
my dear

(Yeah) like girl I see ya
and baby i promise i will make you a believer tonight
..introduction to your seduction
i promise you?ll be alright
chorus:
(yeah) you are

and treating me like i?m see through
like i?m see through
my heart breaks like i'm made of glass
girl you are
and treating me like i?m see through
just like i?m see through
..just like adrenaline babe
(VA - haha!)
what i gotta do for you to notice me
i?m breezy and nobody cold as me
with all this ice on i'm supposed to freeze
better put that fur on, call it polar b
(yeah) E.A.R. she play hard
worship, for she play God
fresh cut i?m a king, call me Cesar
need to listen up, H.E.A.R. (ha!)
i could have picked her
but a nigga really wanted you
only had one whip at first
but fuck it out i don?t mean to curse
now i got a view
a couple cribs, some banging views
only thing that's missing in it is me and you
a while i swim in it, you can see the pool
but i live in a glass house, i'm see through
[chorus:]
