

Better Man

Beth Hart

He got me feeling so fine
He thought the sun had to shine
He turned my water to wine
He'd do it every time Ain't nothing better than that
I let him play with my cat
Got nothing on but his hat
Ain't nothing wrong with that And all that I want him to know, that I want him to know
He's at his first damn song
Better than I ever had, more than I can stand I found me a better man
Better man who loved me
Better that, better that
Better than you ever could I don't wanna know anymore
I get so out of control
I found me a better man
You grease my pen but I done your cat He's no complicated man
He's happy holding my hand
He likes to swim in my tub
I like his rubber duck He never stolen my car
Or tried to pull my guitar
He doesn't flirt with my friends
My money he don't stand I found me a better man
Better man who loved me
Better that, better that
Better than you ever could Don't want none anymore
I get so out of control
I found me a better man
You grease my pen but I done your cat Love you have in the sun ever since
Love has surely been so good to make
I finally found myself up in the sky I found me a better man who love me
A better lad
Better than you ever can I found me a better man
Better man who loved me
Better that, better that
Better than you ever could I don't wanna know anymore
I get so out of control
I found me a better man I found me a better man
Better man who loved me
Better that, better that
Better than you ever could Grease my pen and I done your cat
