Gluttony

Zyanose

I get it started and then I get brokenhearted
Because I can?t get a hold of the beast
It?s like I?m blind, I?m running out of time
Everything I crave is out of reach

You say I drink too much
You say I f*ck too much
So what the hell am I supposed to do
I wanna die and kill my dirty mind,
I want it, I want it, I want it, I want it
I need it, I need it, I need it, I need it
I love it, I love it, I love it, I love it
Gluttony on me has started.

I take a dive and I medicate my mind,
Cause I hate what I f*cking see
It?s all a grind, we?re filling up our time with the rules of society
You say I eat too much
You say I smoke too much

So what the f*ck am I su?posed to do
I wanna die and kill my dirty mind,
I want it, I want it, I want it, I want it
I need it, I need it, I need it, I need it
I love it, I love it, I love it, I love it
Gluttony on me has started.
I want it, I want it, I want it, I want it
I need it, I need it, I need it, I need it
I love it, I love it, I love it, I love it
Gluttony on me has started.
I want it, I want it, I want it, I want it
I need it, I need it, I need it, I need it
I love it, I love it, I love it, I love it
Gluttony on me has started.
Hey
I want it, I want it, I want it, I want it
I need it, I need it, I need it, I need it
I love it, I love it, I love it, I love it
Gluttony on me has started.
