

Well With Soul

Ruth

All is well with my soul, with my soul
And all is well with my soul, with my soul And I wanna love everyone
I wanna show them what Youre made of
And You give me I wanna love everyone
I wanna show them what Youre made of
And You give me peace All is well with my soul, with my soul
And all is well with my soul, with my soul And I wanna love everyone
I wanna show them what Youre made of
You give me I wanna love everyone
I wanna show them what Youre made of
And You, You give me I wanna love everyone
I wanna show them what Youre made of, love
Here in my heart, here in my heart
You give me peace And I wanna love everyone
I wanna show them what Youre made of
And You I wanna love everyone
I wanna show them what Youre made of, love, love
Here in my heart, here in my heart
You give me peace
