

Calling All Lovers

Rogue Traders

Calling, calling all lovers
I'd like to say, together we are amplified
I'm calling, calling all heroes
Believe me when I say, you are in high demand Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide Calling, they're calling your number
So gather up the storm clouds in your loving arms
I'm calling, calling all lovers
So fight the fight and victory will save us from ourselves Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide Calling, calling all lovers
I'd like to say together we are amplified
I'm calling, calling all heroes
Believe me when I say you are in high demand Love will reign tonight
Hearts they will ignite
Love will reign tonight
Hearts they will collide Calling all
Calling you
Calling all
Calling you
