

# Blockhead

## Devo

Never leaves a gap unfilled  
Always pays on time, always fits the bill  
He comes well prepared Cube top, squared off  
Eight corners, 90-degree angles  
Flat top, stares straight ahead  
Stock parts, blockhead Never trips over, stands up on his own  
He is a blockhead, thinking man full grown  
He comes well prepared Cube top, squared off  
Eight corners, 90-degree angles  
Flat top, stares straight ahead  
Snake eyes, blockhead Flat top, stares straight ahead  
Stock parts, blockhead Never trips over, stands up on his own  
He is a blockhead, thinking man full grown  
He comes well prepared Cube top, squared off  
Eight corners, 90-degree angles  
Flat top, stares straight ahead  
Snake eyes, blockhead Cube top, squared off  
Eight corners, 90-degree angles  
Flat top, stares straight ahead  
Stock parts, blockhead
