(Steve Perry, Paul Taylor, Lincoln Brewster, Moyes Lucas)You never listen baby
Whoa....We were both together
Naturally
I was lovin' you baby
You were lovin' me
Every word I said
Every word is true
I was on the inside
But he was lovin' you
Oh, oh...
Listen to your heart
You never listen babyI didn't wanna see it
You felt so good
I didn't wanna know girl
This love's misunderstood
One more day
Won't make it right
Still I lie in your darkness
Defenseless tonight
Oh, whoa...
(never)
No, there's something here
Won't last very long
(never)
No, we're goin' down for
The last timeListen baby
Oh listen baby
Li-li-li-listen(guitar solo)I still remember when
Our love was tender then
Love was an open door
No time to wonder
I'm goin' under
Listen to your heart(never)
No, there's somethin' here

Wouldn't last very long
(never)
We're goin' down for
The last time
(never)
Never
One promise broken
Too soon and too late
(never)
No
We're goin' down for the last time
