

# Velvet Girl

## Howling Bells

Hello I'll be your morning girl  
You raise the flag  
Ill ring the bell  
Hello I'll be your quiet girl  
Just let me watch  
Ill never tell

Hello I'll be your velvet girl,  
We'll leave this town,  
We'll change the world  
Hello I'll give you everything  
Just not enough  
And never this

Ooh  
Be my velvet boy  
My velvet boy

Hello I'll watch the sun fade out  
Just leave me with the stormy clouds  
Hello I'll be your sinking ship  
Just take my hand  
And let's fall in

Ooh  
Be my velvet boy  
My velvet boy
