

# Ready, Aim, Fire!

## New Found Glory

Would you save me or leave me behind  
Don't say maybe you don't know what I'd do  
I put it on the line cause we all  
Looked through your diary  
Tell me everything you know  
Before I go before I goooo.  
Set this whole town on fire  
Take you with me to watch it burn  
Is this what you wanted  
Look at what you started  
Would you take me so far away from here  
I'm not crazy for crawling back to you  
I wonder all the time  
When your all alone  
Do you wonder where I am  
I can be where you want  
Just say the right words  
But you wont  
So I'll  
Set this whole town on fire  
Take you with me to watch it burn  
Is this what you wanted  
Look at what you started  
Set this whole town on fire  
Take you with me to watch it burn  
  
Is this what you wanted  
Look at what you started  
Then it hit me  
Should I go that far  
For a girl doesn't ever  
Really know what she wants  
Then it hit me  
Should I go that far  
For a girl doesn't ever  
Really know what she wants  
For a girl doesn't ever  
Know whats she wants  
(She doesn't know what she wants)

She doesn't know what she wants  
I read through your diary  
Tell me everything you know  
Before I go before I go  
Set this whole town on fire  
Take you with me to watch it burn  
Is this what you wanted  
Look at what you started  
Set this whole town on fire  
Take you with me to watch it burn  
Is this what you wanted  
Look at what you started  
Yeah look at what you started
