

# When You're Around

**Relient K**

Like a child having nightmares  
I will run all ready to Your arms  
I'll give You all of my cares  
And this world will do me no more harm When You're around  
(When You're around)  
When You're around  
(When You're around) I don't know what to say  
I don't know what to do  
I don't know what to say  
To let You know just what I'm feeling When You're around  
(When You're around)  
When You're around  
(When You're around) When You're around  
(When You're around)  
When You're around I want Ya to stay longer  
I made You a place, a place within my heart  
With You, I'm so much stronger  
That's why I'm glad, we'll never have to part When You're around  
(When You're around)  
When You're around  
(When You're around) I don't know what to say  
I don't know what to do  
I don't know what to say  
To let You know just what I'm thinking When You're around  
(When You're around)  
When You're around  
(When You're around) When You're around  
(When You're around)  
When You're around
