Tonight

Shannon McArthur

Late nights laying in the grass now
call me out for talking so fast now
searching for words I could sayYou'd think I'd already rehearsed it
I'll admit I went over the first bit
But the rest was play by playThis is a risk now I will take it
Fragile heart
now please don't break it
all I know is that
I need to be with youEvery day and tonight
for the rest of my life
I'm wanting you by my side
an image cutting like a knife
to me to be your man
I know that I canHands shaking
First time I met your daddy
Hand-shaking ain't a forte sadly
but you stood by my sideExcuse me mister
I'm in love with your daughter
been a fact
since the first day I saw her
Don't worry I can provideThis is a risk now I will take it
Fragile heart
now please don't break it
all I know is that
I need to be with youEvery day and tonight
for the rest of my life
I'm wanting you by my side
an image cutting like a knife
to me to be your man
I know that I canIf you thought that
it didn't hurt baby
you should know that
you're driving me crazy
every day girl
ya know I'm thinking maybe
you could be
a part of me againEvery day and tonight
for the rest of my life
I'm wanting you by my side

an image cutting like a knife
to me to be your man
I know that I can
I know that I can
