A Far Cry

æº•å•£è‚‡

In the dead of night
On the wings of the wind
I hear the ocean bellWith a flash of light
In the beat of the dark
The sound I know so wellI shall never forget you
It's been so long
I should never have left you
The call so strongIt's a far cry from the wild world
I wanna get back to you
Such a long road to the homeland
I must make my way to a far cryFrom the chords of the earth
To the depths of the sea I will return
As I look to the hill through the eyes of the storm
I touch the flameI shall never forget you
It's been so long
I should never have left you
The call so strongIt's a far cry from the wild world
I wanna get back to you
Such a long road to the homeland
I must make my way to a far cryI shall never forget you
It's been so long
I should never have left you
The call so strongIt's a far cry from the wild world
I wanna get back to you
Such a long road to the homeland
I must make my way it's a far cryIt's such a far cry
