

Truck Stop Blues

[Nofx](#)

A truck stop in Kansas, nowhere to go
Too many days without any shows
It's 4 a.m. as I sip from my cup
5 a.m. the sun's coming up My body has shifted from the touring mode
Trying to sleep in the van, on the road
Gotta find a place where I can sleep I've got the truck stop blues
Taking care of myself, paying my dues
Living life day by day, I've got the truck stop blues
Don't think I'd have it any other way
