

Begin With Me

Begin With Me

I heard that you're my father your love is infallible
I heard that you're a, provider and that you own everything

You're a wonder worker!
A Miracle maker They say

And when there is no way you make a way
Is this all true, Cause I've come to see for myself?
I've prayed and prayed

Could you take me
change me,
and Make me

Make me Strong enough
Bless me oh lord
Build me up
till I've been restored
Begin with me
i need you to
Beginning with me

I heard that you. Have the power to do the impossible
I heard that you're . A healer you can fix anything
You're a wonder worker!
Miracle maker... They say

You'll make a way

I know it's all true?...? So I've come to see for myself?
You made a way I've prayed I've prayed

Would you take me, change me, and Make me

make me strong enough
blessed me oh lord

build me up
till I've been
been restored
Beginning with me
Would you please Lord?

x2 LORD Iâ€™ve got to be nothing short of your miracles
Let Blessings, anointing fall on me

make me strong enough
blessed me oh lord
build me up
till I've been
been restored
Beginning with me
Would you please Lord?
