## Pablo Carcamo

They said they'd give me everything  
Here's the part that made me laugh  
They didn't give me anything  
And then they took half of thatSo sharpen your teeth or lay flat  
You said you'd play clean, oh, what a load of crap  
By the time that you were through with me  
I had to take a bathSo sharpen your teeth or lay flat  
They said that it'd go good for me  
Rain diamonds and all that  
I stood out in the downpour  
Getting hit by broken glassSo sharpen your teeth or lay flat  
(Pacifico)
