

Love Song (Radio Version)

Missez

Missez:

Boy you make me wanna sing you a love song

Pimp C:

Unh, I'm still smokin' out, pourin' up, makin' young girls bust dey nuts
Old school, straight pro, make em get down on da floor
I'ma keep it gangsta wit ya, I'ma beat it up
Pay yo daddy well, I'ma let em just eat it up
When you saw me in da club, I was off in pimp mode
Pimp mind, pimp juice, gator shoes, mack clothes
I caught yo eye, you caught my eye
It's all da shame
Let's put this thing together
Momma let's do da damn thing

Missez:

Stepped into the club, the bass beatin' so loud
Boy I see you peepin' me through the smoke cloud
Gotta play it off I gotta keep my cool I
Wanna know your name becuz I am feeling you so
I walk up to you slow say, "Baby, would you like to get to know me?"
Then you put yo hands up on my body
Baby don't let go
Anything you want boy you can have I'm yours

Chorus:

Ooh aah, come on baby give it to me
Just like that boy you know exactly what I need from you
Yeah you really turn me on boy you make me wanna sing you a love song
(Repeat)

Missez:

Temperatures rising, you got me hoping that your love is hypnotizing
To the next level boy with you is where I wanna go
But if I'm moving too fast, baby just let me know (let me know)
Just let me know
Boy it's somethin' bout the way you move that makes me wonder
How you work it cuz my sheets I want you under
Don't stop cuz I like what you're doin' babe
Keep it movin' right there

You make me wanna say

Chorus

Pimp C:

I like it when you open up and let me in
Gettin' real freaky off in the Benz
Cattacorner, legs up, dats da way we like to fuck
Got a million ways when I'm on da maze
Straight up, smokin' purple haze
Get down on it, let me see it
I'm ya daddy gurl let me beat it
You my private dancer, gurl
And I'ma put this thang up in your world
Get your nuts just like a squirell
No powder, no fur
Just a bunch of stanky danky
Just a little bit of hanky panky
Pimp C, da dick ain't free
You're ridin' wit da best, when you're fuckin' wit me

Chorus til end
