

# Zombieland Rule 32 (feat. Irv Da Phenom)

## XV

Amy from The Walking Dead: "The world ended, didn't you get the memo?"

Male: "If you know what you want in life..."

Tyler Durden of Fight Club: "...It's only after we lost everything that we're free to do anything"

See I gotta let the truth out

Life will never be perfect

So all we gotta do now

Is find a way to make it worth it

In a world full of zombies

You are all that I need

You are all that I need

Unh, don't fall for 'em, ice cold

With my heart on froze and my glass on chill

Just a portion of life is a fortune

Cause some niggas didn't spend that wheel

Unless they had some Vanna white they could sell

Probably weighed more than Vanna White on a scale

You know as much as you can when you don't know enough

The hard part is growing old without growing up

Gotta kush-filled bowl ready, loaded up

And a couple bad hoes tryin to roll with us

Who show off their body off like its a canvas

Just to be apart of the student body on the campus

Me and the devil have had a couple of dances

Highway crashes, bad romances

Girls taking interests like cash advances

Don't live for the glances, baby take your chances

If this gets old, its nothing new

Come hit this smoke, come sip this juice

Just live your life, that's what we do

Enjoy these things: Rule 32

I said hey, what's your name?

She replied "Wichita"

Damn, we on Squaria now, how'd you get this far?

Well, I'm the Kid With the Green Backpack

I live life, and write raps, but I'm black

So they try to say I couldn't live my dream like Martin

Cause they know I'm from the middle like Malcolm

Look at this thing we started

Every circle wanna square nigga round 'em

You ain't in X's box? Go on, get ya Wii on  
Told you I never was the one you should sleep on  
Now you want the curb like Larry and Leon  
Cause you ain't bout the life that the L7s be on  
We on
