what can i take from you  
what can i take from you  
whats worth a plug nickel from a silly fool  
what can i take from you  
why did i leave you there  
why did i leave you there  
with your long black kitty and your funky hair  
why did i leave you there  
see mr danny boy  
did ya see mr danny boy  
he's a rock top boxer just a bundle of joy  
see mr danny boy  
why did i leave you there  
why did i leave you there  
with your long black kitty and your funky hair  
why did i leave you there  
said baby  
stop lovin by the rules  
i heard the rumors danny  
stop your talkin danny - i heard the rumors danny, danny  
lost down in santa fe  
i had love with a runaway  
and to think my daddy thought i was gay  
lost back in santa fe  
the riff miester is my friend  
the riff miester is my friend  
i love that mother fucker till the very end  
bolan was my man  
said baby  
stop lovin by the rules  
i heard the rumors - danny  
stop your talkin - danny i've heard the rumors danny danny  
its a long, long road.....for this here desperado  
and its cold cold cold, visions of tomorrow  
when was the last time you wrote for me a song  
repeat chorus etc.(think of mario)
