Desperate Fool (LP Version)

Sick of It All

Crime, crime against the soul
It does more damage than anyone
Can know as the voctims suffer,
The secrets that they hold will eat away inside them 'till they finally explode.Desperate fool - unforgivable -
We're gonna do away with you
Desperate fool - unforgivable - Your kind won't stand a chance you call yourself a man?
Let's leave your fate up to those who've been raped.
You impose yourself a lot no means no,
You don't know when to stop it's body,
It's soul it's all humanity that's what's violated can't you see you're really hated
Step up the plate you challenge fate you've earned a castration
You're face to face with your victims rage you deserve this laceration
