Running Out of Time

Betchadupa

We're in the year of the dogbite
Said the man in the moonlight
His face is carved like a madman
Fight the flames of a dragonRunning out of time
There's nothing I can try
There's nothing I can try
Running out of time
There's nothing I can try
There's nothing I can tryMeet the man underwater
He's sitting down on the sulphur
He took the track on the wrong side
Now he's in for the long ride
Several robberies
I'm told I saw the crime
You said it's up to me and that's fineRunning out of time
There's nothing I can try
There's nothing I can try
Running out of time
There's nothing I can try
There's nothing I can tryIn the end is the place we remain
and turn to goldRunning out of time
There's nothing I can try
There's nothing I can try
