I'm Gone, I'm Going

Lesley Roy

So sick of hearing your words all I can hear you say
Is how you want me to live my life a different way
Im gonna pack all my things, Im gonna do it
Just watch me, watch meIm like a rat in a cage, Im about to lose it all
And I aint gonna give up until Im standing tall
Im gonna throw it all in, just get it over with
Watch me, watch meCause life is way too short
And I cant wait no moreHere I go! Im gone! Im going!
Im so over you and I dont care
And I wont look back cause I know if I do I wont make it
Forgive me I cant take it anymoreSo sick of falling apart and crawling back again
So sick of playing the games that I can never win
Ive really had it, s-so so sick of it
Watch me, just watch meCause life is way too short
And I cant wait anymoreHere I go! Im gone! Im going!
Im so over you and I dont care
And I wont look back cause I know if I do I wont make it
Forgive me I cant take it anymoreI wont look back
I wont look back no moreSo here I go! Im gone! Im going!
Im so over you and I dont care
And I wont look back cause I know if I do I wont make it
Forgive me, I cant take it anymore
