

You

Mya

I didn't know you'd change my world around
When you came into my life, I found
That what I've been searchin' for, for years
Is standin' right in front of me
A friend you were to me
Whenever you stayed up and talked to me
Now it's so hard to believe
That you're here with me, oh
You, you're that special one for me
It's you
(You)
You have everythin' I need in you
No one else can treat me like you do
Do do do do
That's why I'm here with you
Mmm, yeah yeah yeah
The special bond that we share
Nothin' else on this earth compares
It seems like the flower continues to grow
(Grow)
Blossom into somethin' beautiful
I reach out my hand to you
(I reach out my hand to you)
And hope one day you'll say, I do
(Say, I do)
Anything
(Anything)
Everything
(Everything)
Hope for your love 'cause you
You, you're the special one for me
(That special one for me)
It's you
(It's you)
You have everything I need
(Have everything I need)
In you
(In you)
No one else can treat me like you do

(No one else could ever treat me like you do)

Do do do

(Like you do, like you do)

That is why I'm here with you

(You)

You're that special one for me

All I need is you

(All I need is you)

All I need is you

(All I need is you)

Hey, yeah yeah yeah

You

(You)

You're that special one for me

(You and me, yeah, you and me)

It's you

(We were meant to be, whoa)

You have everything I need

(Have everything that I will ever need)

In you

(Oh)

No one else can treat me like you do

(No one else can treat me like you do)

Do do do do

(You're that special one, oh)

That's why I'm here with you

(You're that special one)

You, you're that special one for me

(For, me)

It's you

(It's you, oh)

You have everything I need

(You have everything I will ever need, yeah)

In you

(Mmm)

No one else can treat me like you do

(I'll never find another who can do me like you do)

Do do do

(Like you do, like you do)

That's why I'm here with you

(Oh, that's why I'm here with you)

You you you

You you you

You you you
