

# Favourite Worst Enemy

## Treble Charger

If you could read my mind  
Than I know you'd find everything you never say  
You said you needed time  
So I asked if you would mind  
If I could do the same  
Senses over blown  
You're never coming  
You're going  
And it's driving me crazy  
Knowing what's good for you  
And I'm longing for the lazy days  
But those were never good enough  
I guess that you were right

When you said I might  
Really get bored with you  
I never would have guessed  
That it'd end in such a mess  
Or that it'd be this soon  
Cause there's something about you  
But I can't put my finger on it  
So hard to forget you  
You're my favourite worst enemy  
When you sat there laughing all about it  
Did it make you feel any better about it  
Can you try to hide it well enough  
To fake it just for me  
I doubt it
