

Supernova

Wizardz of Oz

I wish I could be the one
people talk about
brighter than any sun
never any shadow of doubt
thereâ€™s something in the stars for me
I wish I could stand out like
a comet on the darkest night
outshine the milky way (light up the milky way)
brighter than the full moonlight
I can barely hide this light in me
Iâ€™m ready to explode
and knock u off your feet
blind u like a million lights
burning stars and satellites
like a supernova
and if youâ€™re in the dark
Iâ€™ll be right there light your spark
Blow your mind and break your heart
like a supernova

easy come easy go
chances could pass you by
just like shooting stars
pass you in the blink of an eye
but Iâ€™m ready just give me a sign
take a step
hold your breath
all part of the big plan
step back
strike a match
waiting for the big bang
start a flame and watch it climbing higher
Till I Set this world on fire

Iâ€™ll knock you off your feet
Blind you like a million lights
Burning stars and satellites
Like a supernova
And if youâ€™re in the dark

Iâ€™ll be right there to light your spark
Iâ€™ll blow your mind and break your heart
Like a supernova

Iâ€™ll turn your dark nights into day
Youâ€™ll find it hard to look away
Burning strong
Bright and long
Like a supernova
