

The Hustle

A Night In the Box

(Hustle)

Hustle

Most every day

(Good Lord)

Cuz I don't have the Good Lord

To light my way

(Hustle)

So I carry the hustle

So Every Hour

(Good Lord)

Little by Little

Sellin' love for power

(Grindin')

And I'm steady grindin'

Straight down to bone

(All Day)

And I push it around all day

and when I come home

(No One)

I find myself all alone

is by my side

(Good Lord)

Yeah Jimmy and the Good Lord

Come and turn my hide

(Angels)

Tell me how all the angels

Yeah they sing and cry

(Good Grades)

Cuz I don't have the good grades

Or the watchful eye

(No One)

The all know that I'm movin'

And it's in my veins

(This Town)

Yeah, I push it on this town

'Til they feel my pain

(Addicted)

'Til everyone is addicted

Yeah to my name
(Rules)
They forget all the rules
And I control the game
(Jimmy)
Now It's Just Me and Jimmy
Walkin' side by side
(Good Lord)
Yeah, he told me that the Good Lord
Should be found inside
(D'ceive me)
So I should let him deceive me
Like I did you
(Colors)
Well it's hard on my colors
When everything is blue

(Hustle)
So I carry the hustle
And day by day
(Sinnin')
Cuz I don't care that I'm sinnin'
Most every way
(Grinden)
And I'm steady grindin'
Straight Down to dust
(Angels)
I don't got no angels
Tellin' me that I must
(Jesus)
See the savior
Is a fuckin' joke

If I talk to Jahova

(Broken)
Then I'd Just be broken
Yeah hard and dream
(Loved)
I just wanna be loved
I don't Know what it means
(Satan)
So now it's just me and the devil
We're gunna take a ride
(Jimmy)

I look down and it's Jimmy
Standin' at my side
(No One)
Cuz All along it was just me
Yeah Jimmy ain't there
(Drivin')
But I'm still drivin'
and I'm goin' nowhere
(Bandoned)
Mislead and abandoned
oh by this faith
(Money)
And I keep makin' money
And I gotta keep it safe
(Hustle)
So I should carry the hustle
And I can't stop here
(Savior)
And I got no savior
To guide my hate
(So I'm Steady) (Grindin')
So I'm steady grindin'
and I can't stop here
(Feedin')
and I gotta keep on feedin'

(Fear)

Fear....

(Jesus)

Cuz there ain't no Jesus
And if there is
(Save Me)
yeah he ain't gunna save me
Less he satisfies my crave
(Hustle)
And everything that I need
I don't care about his troubles

(Hustle)

Cuz I still carry the hustle

x2 speed

(There ain't no Jesus)

Hustle! Hustle.... (repeat and fade)
