

# This Is All I Need

## Agent Orange

All I want is to be mesmerized  
And you know what does those things to me hypnotized?  
Look deep into my eyes  
Look deep into my eyes and you will see That I'm the one who walks the tightrope up above  
The heads of many who would love to see me fall  
But when I'm feeling right, the music never stops  
I'm breaking bones, but I can feel, no pain at all I know that This is all I need this is all that I desire  
I'll tell you this I'm coming right down to the wire again  
This is all I need and this is all I need to know  
I'll be lost until the music takes control It seems to me there must be more to life you know  
Than racing up and down these dead end streets  
I've got to try out here it's do or die  
And I'll be leaving nothing incomplete
