Kiss and Make Up

Saint Etienne

Are you ready?
Falling in love
It was easy for me and for you, oh
Somehow things got rough
Now we can't figure out what to do, no
I can't go on like this
Our love was supposed to last forever, oh
Why do we go through this?
'Cause you know when it's good
There's nothing else better
Are you ready?
Let's just kiss and make up
I don't wanna fight
Let's get together and
Make everything alright
Let's kiss and make up
I need you tonight
Let's get together
Oh, let's get together
I know there's been lies
Yes, we've broken our vows to be true, babe
Let's put the past behind
Don't you wanna start our love anew, oh, yeah
I miss your tender lips
Just one touch gave me so much pleasure
You know your lovin' is so intense
Say that you'll leave me never
(Never, never, never, never)
Are you ready?
Let's just kiss and make up
I don't wanna fight
Let's get together and
Make everything alright
(Let's kiss and make up)
Babe, I need you tonight
(Let's get together)
Ooh, let's get together
Baby, oh, oh
Baby, whoa, whoa, whoa, oh

Baby, ooh, oh

Baby, whoa, whoa, whoa, oh
I can't go on like this
Our love was supposed to last forever
Why do we go through this?
'Cause you know when it's good
There's nothing else better
Are you ready?
Let's just kiss and make up
I don't wanna fight
Let's get together and
Make everything alright
(Let's kiss and make up)
Ooh, I need you tonight
(Let's get together)
Ooh, let's get together
(Let's just kiss and make up)
Let's make up
(I don't wanna fight)
Let's get together and
Make everything alright
(Let's kiss and make up)
Ooh, I need you tonight
(Let's get together)
Ooh, let's get together
Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
Let's just
Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
(Let's get together)
Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
Let's just
Let's just, let's just
(Let's kiss and make up)
Let's just, let's just
(Let's get together)
