

# Kiss and Make Up

## Saint Etienne

Are you ready?  
Falling in love  
It was easy for me and for you, oh  
Somehow things got rough  
Now we can't figure out what to do, no  
I can't go on like this  
Our love was supposed to last forever, oh  
Why do we go through this?  
'Cause you know when it's good  
There's nothing else better  
Are you ready?  
Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
Let's kiss and make up  
I need you tonight  
Let's get together  
Oh, let's get together  
I know there's been lies  
Yes, we've broken our vows to be true, babe  
Let's put the past behind  
Don't you wanna start our love anew, oh, yeah  
I miss your tender lips  
Just one touch gave me so much pleasure  
You know your lovin' is so intense  
Say that you'll leave me never  
(Never, never, never, never)  
Are you ready?  
Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
(Let's kiss and make up)  
Babe, I need you tonight  
(Let's get together)  
Ooh, let's get together  
Baby, oh, oh  
Baby, whoa, whoa, whoa, oh

Baby, ooh, oh

Baby, whoa, whoa, whoa, oh  
I can't go on like this  
Our love was supposed to last forever  
Why do we go through this?  
'Cause you know when it's good  
There's nothing else better  
Are you ready?  
Let's just kiss and make up  
I don't wanna fight  
Let's get together and  
Make everything alright  
(Let's kiss and make up)  
Ooh, I need you tonight  
(Let's get together)  
Ooh, let's get together  
(Let's just kiss and make up)  
Let's make up  
(I don't wanna fight)  
Let's get together and  
Make everything alright  
(Let's kiss and make up)  
Ooh, I need you tonight  
(Let's get together)  
Ooh, let's get together  
Let's just, let's just  
(Let's kiss and make up)  
Let's just, let's just  
Let's just  
Let's just, let's just  
(Let's kiss and make up)  
Let's just, let's just  
(Let's get together)  
Let's just, let's just  
(Let's kiss and make up)  
Let's just, let's just  
Let's just  
Let's just, let's just  
(Let's kiss and make up)  
Let's just, let's just  
(Let's get together)
