

# Quiet Village

Les Baxter

Alone in my quiet village I pray

You will be returning one day

To me

Return to me

Alone living with the mem'ry of you

Promising you'd always be true

To me

Be true to me

Above me there's a moon on fire

Telling you to love me as I desire

And ever the flame in my quiet village will burn

Darling till the day you return to me

Return to me, return to me
