

# Don't Give Up

**Timothy B. Schmit**

Living in the city it's a hazy way  
Picking up the pieces that get in my way  
But one thing I can clearly see  
That's when you're looking, looking straight into me  
Don't you know it  
Won't you show it Don't give up  
Baby watcha trying to do  
Don't give up  
Just cause you're feeling blue  
Don't give up  
Girl you gotta understand  
Don't give up  
I can lend a helping hand I can feel your confusion 'round and 'round  
Staring out the window, hearing the sound  
Of people, people talking about  
What they know nothing, nothing about  
Can't you see it  
Don't you feel it Don't give up...  
Do you think you're the only girl whose been troubled  
And on the run  
Well listen to me one time baby  
You and me, we're gonna see the sun
