

Picture This (felicita Remix)

Kero Kero Bonito

Hold your camera high and click,
exercise your right to picture this
but don't forget to show
everybody you've ever known.
When your old and wise you'll find
all the shots you've got
bring back the time it's easy to believe
yesterday you're so sweet.It's pretty great, photos let me take
All the sights I see, furai
Everywhere with me.
(...), Pics are all I need
to show everyone what I've done,
who I want to be.
I check that no one else is around
and I take a picture of myselfHold your camera high and click,
exercise your right to picture this
but don't forget to show
everybody you've ever known.
When your old and wise you'll find
