

The Requiem of Hell

Belphegor

A dislodged angel glide onto
Cold replacing blindness
Wash the rain away
Yearning for spraying poison
The requiem - of the antichrist
Far away - from the sun
The requiem - of the antichrist
Create hell on earth
Bath in warm blood is her promised
Renounce the frosting death
Jeer at the enslaved
Crying dying fearing gods
The requiem - of the antichrist
Deny the sin - of taking flesh
The requiem - of the antichrist
Create hell on earth
Take these almighty wings and fly away
Take these almighty wings and fly away
