Give Me The Reason

Lady Saw

If I can give myself all the reason for being with you
I can't see why you can't give me reason for your acting
Through all these funny things, like stayin' out late at night
Making me spend all sobbing lonely nights, baby, you know
You're drivin' me crazy, you've been truth [unverified] for me
Just give me a reason, why we fuss and fight?
Give me a reason, why I have to spend these lonely nights?
Is there a reason why you fall for other girls?
When I thought I was the number one lady in your world
Just give me a reason, why you make me cry?
Is there a reason why I have to spend these lonely nights?
Tell me the reason why you tow around the world?
And why, in God's name, you wanna make me into your girl?
Even though, baby, you did me wrong, baby
The feeling inside of me, baby, is, ooh so strong
I've tried in a million ways to make you happy
But I keep on wondering, do you love me
Just give me a reason, why we fuss and fight?
I need a reason, why I have to spend these lonely nights?
Is there a reason, why you fall for other girls?
When I thought I was the number one lady in your world
Just give me a reason why you make me cry?
Is there a reason why I have to spend these lonely nights?
Tell me the reason, why you tow around the realm?
And why, oh baby why,you make me into your clown?
If I give you the chance I know you would leave me now,baby
After all we've been through, our plans about tomorrow
You've broken my heart, baby, you've ruined my soul
Is there a chance for me, tell me or let me go
Just give me a reason why we fuss and fight?
Is there a reason why I have to spend these lonely nights?
Is there a reason why you fall for other girls?
When I thought I was the number one lady in your world
Just give me a reason why you make me cry?
Is there a reason why I have to spend these lonely nights?
Tell me the reason why you tow around the world?
And why, in God's name, do you make me into your girl ?
Why, in God's name, did I build my world around you, baby ?
When all that you do, baby, is make me so blue

I've tried in a million ways to make you happy
But I keep on wondering, do you love me ?
Just give me a reason
