For All You Know

Midge Ure

For all you know
You still know nothing
No understanding
Nothing at all
For all you feel
You should feel something
Something to touch you
Guide you homeSometimes I wonder who you are
Built of shadows and notions
No light behind your eyes
No grain of emotion
You turned away from all that kicked inside
No love, no hope, no self belief, no pride
For all you know
You still know nothing
No understanding
Nothing at all
For all you feel
You should feel something
Something to touch you
Guide you home
Sometimes you write it in the starsToo fearful to say it
Removed and oh too far
Too cold to display it
One Judas kiss is more than none at all
Head so high you stumble then you fall
For all you know
You still know nothing
No understanding
Nothing at all
For all you feel
You should feel something
Something to touch you
Guide you home
