Closer to Me

Dar Williams

You can leave this house, leave this town
Leave it all to me or you'll never leave the ground
Look at that tiny screen's too small for you
I think you should learn to dream just like the dreamers doWhat can you do with a day?
What will you wake up and see?
The farther you get
The closer to meAm I the habit you're too tired to break?
I want you to love me with every step you takeWhat can you do with a day?
What will you wake up and see?
The farther you get
The closer to meTaj Mahal, Cameroon, back in time, to the moon
Frozen lake, cypress trees, Florida's missing keys
El Dorado, Spain or bust Eiffel Tower, Paris
Just find your way inYou can leave this house, leave this town
All that's left to chart
Is nothing less than your own heartWhat can you do with a day?
What will you wake up and see?
The farther you get
The closer to meDown the river, down the road, Little Rock, Tokyo
Dusty trail, Flagstaff, in a faded photograph
Thunderstorm, Golden Sands, Cape of Horn, Pakistan
Suriname, Highway One, Chinatown, smoking gunGolden Gate, Baltic Sea, Painted Desert, Laramie
Taj Mahal, Cameroon, back in time, to the moon
Frozen lake, cypress trees, Florida's missing keys
El Dorado, Spain or bust, Eiffel Tower, Paris
Just find your way in
