You Know Me Well

Sharon Van Etten

Everyone will go with you
listen the way out as you
cut me to the chase
til i'm on the other side
and when it all comes out
we're as empty as the brick that you
built without the sideseveryone is crazy with their own life
lies in existential if you ever want to find your way out
turn into yourself again and reach on out
to become your true selfyou know me well.
you show me hell when i'm looking.
and here you are
lookinAll the skies are fallin and the sun is movin up and down
even when you're in a dark way
some decisions shield you from the positivity until
you reach out to me.
you say why you hate it as you pry your way in
i need another investigative mind
tell me that you're injured, yourself, and you've been healin
and i will see this through.you know me well.
you show me hell when i'm looking.
and here you are
lookin'
i told you then
i'd hold you when you need it.
and there you are
lookin'...
away...
