Shame For You

Lily Allen

I've been thinking that you've crossed the line
If you disappear that would be just fine
Cause you waste my time and waste my money
And youre not too cool and youre not so funnySpreading your seed all over the town
Getting too greedy and messing around
Oh my gosh you must be joking me
If you think that you'll be poking meDon't take me on, no no
Don't take me on, no no
Don't take me onShattered the lie but you think I don't already know
Don't try to deny cause my fuse is ready to blow
Its your turn to learn, I think you know where to go
It's a shame shame shame shame for youPlease don't come around and knock on my door
Cause I don't want to have to pick you up off the floor
When you ask if we can still be lovers
I'll have to introduce my brothersI think that they could teach you a lesson or two
By the time they've finished you'll be black and blue
You'll be crying like a baby
A sea of tears, they'll call the Navy inDon't take me on, no no
Don't take me on, no no
Don't take me onShattered the lie but you think I don't already know
Don't try to deny cause my fuse is ready to blow
Its your turn to learn, I think you know where to go
It's a shame shame shame shame for youNo no no no no n-no
No no no no no n-noDon't take me on, no no
Don't take me on, no no
Don't take me onShattered the lie but you think I don't already know
Don't try to deny cause my fuse is ready to blow
Its your turn to learn, I think you know where to go
It's a shame shame shame shame for you
Shame shame shame shame for youNo no no no no n-no
No no no no no n-no
No no, no noDont take me on
Dont take me on, no
Dont take me onNo no, no no
No no, no no
