Don't Put Me On

Flamin' Groovies

Don't tell lies
You can't keep goin' on
This way
Realize
It's no good puttin' on
Your friends
You think you're smart
But you just contradict
All that you say
Don't put me on
It puts me off
You've had your fun
I've had enough
From the start
I knew you'd miss the point
I've had enough
So I'll just smoke a joint
Don't put me on
It puts me off
You've had your fun
I've had enough
One chance I'm told
And that is all
Poltroons
Like you I've known
Vcaant and cold
God save your soul
