Some girls they just living a lie  
With a man who don't even try  
Makin' a plan to escape, just can't wait  
Fantasizing day and night  
Wondering what it would be like  
If the right one came along, to turn them on  
Ya have man like this and man like that  
Sum a dem slim, and some a dem fat  
Some a dem cool and some a dem not  
Only one can make you hot  
Supa lovva bwoy that's what ya need  
A kinda lover who wants ta please  
Supa lovva bwoy, understands  
He can lead ya to the promised land  
Supa lova bwoy, it's no lie  
He really knows how to make you fly, fly on, fly on  
Some guys just cramp your style  
Bore you stiff and all the while  
Cheat on you when your back is turned, never learn  
Never say what they really mean  
Never mean what they try to say  
Always taking you for a fool, so uncool  
You want girls over here and girls over there  
Want a man who can take dem there  
Want a man to put a smile on their face  
If they don't get it, they haffa replace  
Supa lovva bwoy that's what ya need  
A kinda lover who wants ta please  
Supa lovva bwoy, he understands  
He can lead ya to the promised land  
Supa lovva bwoy, it's no lie  
He really knows how to make you fly, fly on, fly on  
It's a bird, it's a plane  
It's a dream, it's a game  
Be strong, have faith  
It's all worth the wait  
It's a light in the sky  
That won't pass you by  
It's a prayer, that you say  
Waiting for the one to take your breath away  
Supa lovva bwoy  
The kinda lover who wants ta please

Supa lovva bwoy, he understands  
He can lead ya to the promised land  
Supa lovva bwoy, it's no lie  
He really knows how to make you fly  
Fly on, fly on, fly on  
On, and on, and on, and on, and onSupa lovva bwoy, that's what ya need  
A kinda lover who wants to please  
Supa lovva bwoy, he understands  
And he can lead ya to the promised land  
Supa lovva bwoy, it's no lie  
He really knows how to make you fly, flySupa lovva bwoy
