

The Vice of Mrs. Grossly

The Nerve Agents

Hey Mrs. Grossly...mistaken
You old and weathered fallen angel how is it
That you came
To be here? Irresistibility played you...made
You a foolHey Mrs. Grossly...mistaken
Now shackled and chained
To the rather deranged
How is it that he loves you?Hitting the floor...
Slammed into the door...
Face to his fist...
He must be hard to resistResist!
