

She (A Capella Mix)

We the Kings

She, when she cries
Can the whole world fill the rain
When we could lie
Hell and heaven come to play

She is the first and the last for me
She is the everything between

She is the darkness
She is the daylight
She is the calm
She is the storm
She is the moment
The endless and only
She is my all
She is the one
She is

She, when she falls
I will kiss her until she's clean
She, when she breaks
It's a gift she gives to me

Cause she is the first and last for me
She is the everything between

She is the darkness
She is the daylight
She is the calm
She is the storm
She is the moment
The endless and only
She is my all
She is the one

Woo-o-ooh...

She is

She, when she cries

Can the whole world fill the rain

She is the darkness

She is the daylight

She is the calm

She is the storm

She is the moment

The endless and only

She is my all

She is the one

Woo-o-oooh...

She is
