

# The Senator's Daughter

## Fountains Of Wayne

Hockey teams have playoff dreams  
Teenage girls read magazines  
No one hears the desperate screams  
Of the techno DJ, what does he say? He say, sha la la la la la  
He say, sha la la la la la I'm floating away  
On oceans of gray, blue water  
I'm rising above, I'm falling in love  
With the senator's daughter I'm floating away  
On oceans of gray, blue water  
I'm rising above, I'm falling in love  
With the senator's daughter Crossing guards star traffic jams  
Soccer moms drive minivans  
No one sees the anchor man  
On the instant replay, what does she say? She say, sha la la la la la  
She say, sha la la la la la I'm floating away  
On oceans of gray, blue water  
I'm rising above, I'm falling in love  
With the senator's daughter I'm floating away  
On oceans of gray, blue water  
I'm rising above, I'm falling in love  
With the senator's daughter
