

Mercy

Disciple

Have mercy on me Oh God according to Your love
Cleanse me from my iniquity wash me from my sin Against You only have I done this sin and worked this evil
in Your sight
Take me back where I can be whole again
'Cause all I want Oh Lord is to be in Your light Because Your love, it gives new life to me
The more I have of You, the more that I can believe that Your love,
it can set me free
Oh Lord I know I need Your grace and mercy Have mercy on me
Oh God according to Your love
Help me to see more of You
Oh Jesus so I can see less of me
