

Fight Like Sinatra

The Jazz June

Answer the question: is it easy?
To come down and wipe the grease right from your eyes
Down the building spi a spitting smile off the gleam on your teeth
Knees bent at angles; Is it easy?
To come down from upside down
My bottoms broken Can I push off your hand?
Saw your smile dying
Get what you can
before it's over
Look it right between the eyes
And face the day in a new light
